

Data

A clear, sharp handwritten digit '2' in black ink on a white background.

MNIST, $N_z = 2$

A very blurry, low-resolution version of the handwritten digit '2', appearing as a dark, indistinct shape.

MNIST, $N_z = 20$

A reconstructed version of the handwritten digit '2' that is sharper than the $N_z = 2$ version but still shows some blurring and noise, characteristic of a model with $N_z = 20$.
